**THE NATIONAL AUDUBON SOCIETY'S NEW Nature Program** has captured the imagination of thousands of American boys and girls. Now you can discover the wonders of nature right in your own home—under the guidance of friendly, experienced naturalists.

As your introduction, please accept the \$2.00 Value Gift Package described above—for only ten cents. Just imagine! You get a magnificent set of 30 full-color photographs showing the most interesting, most unusual animal children of the wild—plus a fast-filled album in which to mount them—and an extra educational handbook on "Shells and Aquariums."

Here's how the Audubon Society's new Nature Hobby works. Each month a different "expedition" is planned, with a set of about 30 full-color prints in instant, lightweight, 1000-word picture book as well as mount to make. Guided by wise, competent experts, you explore nature's closely-guarded secrets... learn the strange, almost unbelievable ways these animals raise their young... collect your own "treasure-trove" of album about nature's beautiful, brightly-colored folk of the deep sea and animal children. Best of all, your nature guides open your eyes to the wonders you can discover right in your own backyard or nearby park.

Once you get acquainted with the Society's program, we feel sure you'll want to continue these monthly "adventures" for a while. Your whole family will look forward to each new Nature Program set, and take pleasure in enjoying it together. And the total cost is so very low—only \$1.00 for each album and series of pictures—plus a few cents shipping. But you assume no obligation when you send in a dime for your introductory package.
